EDUCATION

FET Fundación Escuela Tecnológica De Neiva   **August 2021 - June 2023**
"Jesús Oviedo Perez"

Professional Technician in Computer Systems Supports

Design and Analysis of Algorithms, Algorithms, Organization of Programming Languages - C#, Python, JavaScript, Computer Systems, Database Design, Computer Architecture Web Programming - Frontend, Introduction to Python and Frameworks.

University Surcolombiana   **August 2023 - Actuality**

Software Engineering

SKILLS

Programming Languages: Python, JavaScript, C#, TypeScript, CSS, Tailwind CSS
Technologies: Git, React, React Native, Angular, VueJs, SQL, HTML, Node.js

WORK EXPERIENCE

RC Tecnología   **Neiva - Huila**
Developer FullStack   **March 2023 – July 2023**
- Assist in the Backend made in NodeJS with JavaScript, connections with the database, API
- Make the design in figma in React Native with TypeScript. Connect backend with frontend and requests.
  Tecnologías: React Native with TypeScript, NodJS with JavaScript and SQL.

PROJECT

Project 1
- I created a Sales System with C# and SQL for a university project.

Project 2
- I made a game with Python in pygame and the game was Pacman.

Project 3
- I have made web pages for clients created with React and a little with Tailwind CSS.
